

The Art of Hosting Conversations that Matter

Goa, India

How can we come together with authenticity to co-create change?

You are warmly invited to come together with others in learning and experiencing a new way of being and doing together - the **Art of Hosting Conversations That Matter**. This is a 3-day introductory workshop that offers simple and powerful approaches for showing up with authenticity and respect, and co-creating together the change we want to see in ourselves, our communities, our organisations and our world.

Also called the **Art of Participatory Leadership**, this approach offers participatory models, processes and practices to help us stay connected, open, fair and heartfelt as we work with diverse groups and opinions, take effective action to solve complex issues, and navigate uncertainty and change. It is an approach that is gathering momentum internationally as an effective way to bring people together as equals and access our collective intelligence.
